TOPOLOGY'S MUSICIAN AND COMPOSER SET TO BRING CREATIVE RELIEF AND POSITIVE IMPACT TO THREE SCENIC RIM SCHOOLS

Canungra State School, Tambourine Mountain College and Beaudesert State High School will be composers for a day next week with John Babbage from Topology as part of the award winning Top Up Education Program.

Aria nominated Topology, operating successfully out of Brisbane for 23 years, are set to act as cultural ambassadors bringing musical prowess and inspiration to three Scenic Rim schools next week.

The music composition workshops with John are part of the Growing Creative Communities program delivered by Topology throughout regional Queensland. The new music written by students will be arranged for Topology to perform live at a concert We Will Rise on the 26th of March at the Boonah Cultural Centre.

"These are the first workshops John has done with these students in the Scenic Rim. We are really looking forward to seeing what amazing music the kids can create" says Christa Powell Creative Director.

We have a strong commitment to educational programs, the creativity of music and how it enriches and empowers the individual human spirit. School workshops like these are important avenues providing opportunities for students, of any musical ability, to harness how to bring creativity into the classroom and their lives.

Creating their own music and having it performed by Topology has always be a big thrill for composers of all ages and experience. We are looking forward to the world premier of new works by young students from Canungra, Mount Tambourine and Beaudesert at our concert at the Boonah Cultural Centre at the end of March.

To book tickets for the We Will Rise Performance please visit the Scenic Rim Website at <https://www.whatsonscenicrim.com/event/12548559-a/topology-we-will-rise>
